# How to use

## The *Purpose of the EU-Proposal*

**How this poster was created.**  
 The *Purpose of the EU-Proposal* is the result of an analysis of the Treaty of Lisbon and insights gained in interviews with Europeans. Through a human-centered approach this proposal aims to uncover the EU's Purpose.

### Why this poster was created

How does the EU can communicate in a way that drives decision making and behaviour? The *Purpose of the EU Proposal* aims to create a clear, succinct and convincing image of the EU. It delivers the foundation from which to derive any piece of EU-related communication, campaigns or related projects. It has been created for people working in communications and for EU officials.

### Driving decision making and behaviour

In order to create communication that inspires and builds trust, it's essential to deliver your Purpose first.

Purpose is the intention that drives all the EU thinks, says and does. It holds everything together to create the bigger picture. It's Purpose that leads to the Mission, and the Mission that leads to the instruments, measures and actions. For more information about Purpose, watch [Simon Sinek's TED Talk](#).

### Key Narratives

The key narratives to be derived from the Purpose are: Peace & Opportunities, Togetherness & Strength, Security & Freedom and Prosperity & Well-Being. Depending on our audience and context, example sound bites could include:  
**#EverydayPeace, #PeaceMakesUsStrong, #StrongerTogether, #UnitedForPeace, #TheOpportunitiesOfPeace, #PeacelsADecision.**

### Example: Single Market

**BEFORE** (Source: Website European Commission.)  
*"The single market refers to the EU as one territory without any internal borders or other regulatory obstacles to the free movement of goods and services. A functioning single market stimulates competition and trade, improves efficiency, raises quality, and helps cut prices. The European single market is one of the EU's greatest achievements. It has fuelled economic growth and made the everyday life of European businesses and consumers easier."*

**AFTER** (More Purpose driven and inspirational.)  
*In its aim to promote Everyday Peace, the European single market is one of the EU's greatest achievements. It brings the nations of Europe closer together, promotes social and economic well-being and delivers prosperity and progress. Its territory without any internal borders or other regulatory obstacles enables free movement of goods, services, capital and people, making the everyday lives of millions of Europeans easier.*

### Vision: Identification with the EU

Vision is a strong identity driver and acts as inspiration for further actions. It's the long term goal of the EU and allows people to identify themselves with its cause. Purpose and Mission deliver the foundation to develop the Vision of the EU.
